

Shadow Harvest: Phantom Ops is a third-person shooter developed by Black Lion Studios and published by Viva Media. Why does this suck. Bad graphics with over . Last week we took a look at a very similar shooter Shadow Harvest: Phantom Ops in which the player has to kill other aliens, but it could still be a lot better. While this game can be quite funny, Shadow Harvest: Phantom Ops is a very, very bad shooter. And it's not just a bad shooter. It's also disgusting. When it comes to physics, Shadow Harvest: Phantom Ops is very disappointing. This is the worst shooter I've ever played.
