

---

The third game in the Elden Ring series, which originally launched in 2017, is an action RPG of the new fantasy genre. With a vast fantasy world and an epic drama in which the stories of many characters collide, Elden Ring is a game where you can create and play your own character. In the game, monsters have awakened due to a war over a forbidden artifact, and it has become possible to use magic to fight monsters. In the game, created by the legendary co-development team of Square Enix, the Elden Ring, the magic school created by the hero Cid Raines, is a class that combines both physical power and magic. Advanced graphics and an unparalleled gameplay experience that combine with countless combinations of skills and weapons make Elden Ring a refreshing and innovative action RPG. \*For more information about the game, visit Elden Ring Game Features: Story • A vast world full of large-sized and varied monsters • As you explore the world, the joy of discovering unknown monsters await you • In a storyline that will take you through countless actions System • Develop your character in any way you want • Discover the abilities of new equipment that you can wear and combine with magic • Play the game in a series of online battles Game System \* From the very beginning, there have always been things that you can do to develop and strengthen your character. \* As the story progresses, you can choose your play style and make your character more suited to your fighting style. \* Armors and weapons have unique effects that can be used to fight enemies. \* In the online battles, created by the legendary co-development team of Square Enix, you can fight against other players and learn new tactics. \* During the battle, you can use the names of the towns that you enter to “get acquainted” with other players. \* Your race and gender are displayed on the character’s image, but your image will be replaced by one of your allies’ if you ally yourself with another player. \* Invite Friends to Other Lands. Singleplayer Play \* In singleplayer, you can engage in non-online battles anywhere and anytime by going to the “Towns” menu and
